

Project Design Phase

Problem – Solution Fit Template

Date	14 July 2026
Team ID	_____
Project Name	Plugging into the Future: An Exploration of Electricity Consumption Patterns
Maximum Marks	2 Marks

Problem – Solution Fit Template:

The proposed solution helps users analyze electricity consumption patterns, identify high energy usage, visualize trends and support energy-saving decisions.

Purpose:

- Solve electricity consumption analysis problems.
- Help users identify consumption trends quickly.
- Support better energy-saving decisions using charts and reports.
- Increase awareness of power usage and reduce electricity costs.
- Understand existing usage patterns for improved planning.

Problem–Solution Fit Canvas

1. Customer Segments Households, industries, researchers	6. Customer Constraints Limited awareness, budget, fragmented data	5. Available Solutions Bills, spreadsheets, smart-meter apps
2. Jobs/Problems Track usage, compare trends, reduce bills	9. Root Cause No centralized analysis and insights	7. Behaviour Check bills, record readings, search online
3. Triggers High bills, seasonal peaks	10. Your Solution Web app for upload, analysis, graphs and reports	8. Channels Online: Web portals Offline: Utility offices
4. Emotions Before: Confused After: Confident
