

Ideation Phase

Define the Problem Statements

Date	14 July 2026
Team ID	
Project Name	Plugging into the Future: An Exploration of Electricity Consumption Patterns
Maximum Marks	2 Marks

Customer Problem Statement Template

Create a problem statement to understand customer challenges in analysing electricity consumption trends across India before, during and after the COVID-19 pandemic.

Example:

I am	I'm trying to	But	Because	Which makes me feel
A State Electricity Board Officer	Monitor electricity consumption	Data is scattered across states	No unified analytics dashboard	Unable to make quick decisions

Problem Statement	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	State Electricity Board Officer	Monitor state-wise electricity consumption	Data is scattered across multiple sources	No unified visualization platform	Difficult to plan power distribution
PS-2	Government Energy Planner	Evaluate post-lockdown recovery	Recovery differs among states	Economic activities recovered unevenly	Uncertain while framing energy policies
